

SARAH JENKINS

Lead Product Designer & UX Strategist

Chicago, IL • sarah.jenkins@designstudio.co • +1 (312) 840-5521 • portfolio: sarahjenkins.design

DESIGN PHILOSOPHY

"Great software is built at the intersection of empathetic user research, scalable design systems, and seamless cross-functional handoffs."

PROFILE SUMMARY

Award-winning Product Designer with 6+ years creating intuitive digital products, enterprise SaaS design systems, and user-centric workflows. Master in Figma, design token specifications, wireframing, and interactive prototyping. Deep familiarity with frontend handoff processes (HTML/CSS conceptual understanding, though non-coder).

DESIGN COMPETENCIES

Design & Prototyping: Figma (Auto-layout, Components, Variants, Variables), FigJam, Principle, Adobe XD

UX Research: User Personas, Journey Mapping, Usability Testing, Information Architecture, Heuristic Audits

Handoff & Systems: Design Tokens, Zeroheight, Zeplin, Basic HTML/CSS styling principles

EXPERIENCE

Lead Product Designer | Nimbus SaaS Group (2021 – Present)

- Built and maintained enterprise Figma design system comprising 300+ components and design tokens.
- Conducted 40+ user research sessions resulting in complete redesign of dashboard navigation.
- Partnered with frontend engineering leads to inspect CSS implementations and ensure 100% design fidelity.

Senior UI/UX Designer | Elevation Digital (2018 – 2021)

- Delivered end-to-end UX wireframes and high-fidelity prototypes for B2B FinTech web applications.

EDUCATION

B.F.A. in Graphic & Interactive Design – Rhode Island School of Design (2018)
